

NATIONAL
FLORAL
SUPPLY

How Our Dutch Direct Program Works:

- 1.) You must be a customer in good standing to sign up for the program.
- 2.) Call your sales rep to let them know you are interested in signing up.
- 3.) We will create an account for you and you will be given the link to the web shop, a user ID and password.
- 4.) You can also access the link through our website and it will take you to our web shop, or paste the link to your web browser and save it to your bookmarks for easier access. (We can walk you through the process if you're having trouble).
- 5.) You can order twice a week but you must place your order no later than Thursday night at 10 p.m. for Monday delivery and Sunday night by 10 p.m. for Wednesday delivery.
- 6.) There is no dollar minimum for ordering, but as you shop you will notice that some of your items will come in minimums of 5 bunches. The higher the quantity you purchase, the better your pricing, so it's the perfect way to shop for an upcoming event, or just to carry Dutch product in your store.
- 7.) We don't combine our orders with yours. In other words, if you just need 2 bunches of an item, but the minimum is 5, we don't purchase the extra 3. Your order is your order and it is completely separate from what National is purchasing.
- 8.) We pick your boxes up from JFK Airport and truck them to our warehouse for you to pick up or us to deliver to you on Monday or Wednesday. We charge \$7.80 per box for transportation.
- 9.) Because the product comes directly from Holland it is priced very competitively. We don't inspect it, so once you get it, you need to make sure everything arrived to your satisfaction. If something isn't right, you need to notify us immediately.
- 10.) Because the product is pre-ordered directly from the farms, we cannot accept cancellations after you have placed an order.
